Race Course Olympic distance

Swim (1.5 km)

The water has top-quality and the temperature in July is about 20-21°C. Find the current temperature [Here!](#)

The time limit for the swimming distance is 60 minutes.

The rules of the DTU are set as standard. As of 22°C water temperature, the swimming distance has to be accomplished without wetsuits. Find more details about DTU standards on: <http://www.dtu-info.de/footer/regelwerk-ordnungen/ordnungen.html>

Bike (40 km)

Drafting is strictly forbidden for all categories!

The vast majority of the course is closed to public traffic. Nonetheless, the traffic regulations have to be considered!

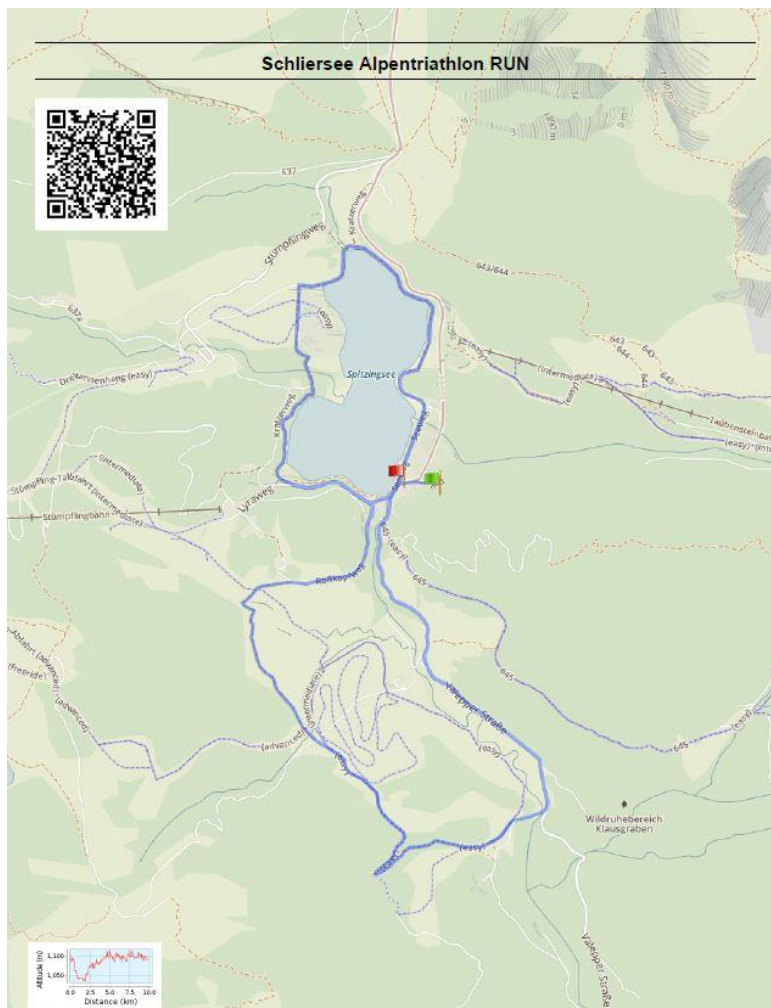

The fantastic race course at the bavarian alps starts at transition zone at the “Kurpark” (height of 791 m). After passing the city center of Schliersee the bike course runs in direction of Haussham, passes Holz and reaches Wörnsmühl. There, after turning right and immediately left, starts a first hard incline in direction of Deining and the villages of Bach and Nicklasreuth. From that point the course turns right and on the verge of Sonnenreuth it turns left passing the villages of Rank, Effenstätt, Schneider and Maier. Now the course leads on the main street passing Dürreneck, Hub to the descent to Hundham. Now the course runs in direction Fischbachau, gets onto the B307 at Aurach until the crossroads leading to Schliersee.

Here starts the category for the best climber „Queen and King of Spitzingsattel“, and leads 4 km with an average incline of 12% to the Spitzingsattel (height of 1.127m)!

Reached the Peak there is a short descent to transition zone 2 at the Spitzingsee (height of 1.100 m).

The cut off time for swimming and cycling is 3 hours and 5 minutes.

Running (10 km)

The running course starts at transition zone 2, leads you in the beautiful mountain panorama of the Spitzingsee and consists of three segments.

The first segment runs from the transition zone 2 in direction of the lake passing “Valepper Straße” and reaches at KM 2 the crossroads to „Blecksteinhaus“. From that point it runs back to the “Spitzingsee” on a gravel path. Now the two identical segments 2 & 3 start at KM 5 and run in clockwise direction around the lake. The Finish Line is located at the waterfront promenade of the Spitzingsee.

The cut off time for all three disciplines is 4 hours and 20 minutes.

Aid stations along the course

There are no aid stations along the bike course. At the end of transition 2 is the first opportunity to grab some drinks and snacks. There are aid stations at KM 5 and KM 7.5 along the race course.
